## Retirement Living with Midland Heart

We're one of the largest providers of retirement housing in the Midlands and have over 90 years experience in housing.

Across our Retirement Living, we have a mix of one or two bedroom apartments, bungalows available to rent, and PLUS Schemes depending on your needs. A number of properties across our Retirement Living portfolio available to buy if this is something that you might be considering.

Our teams and dedicated care providers will support you as you begin your next chapter, whether that is living independently or with extra support.

Whatever you or your loved one is looking for, let us do the hard work.

## Peace of mind

All of our retirement housing has an on-site or visiting manager, robust security system and a 24-hour emergency call system for your peace of mind.

If you need a bit of extra support, all services that offer care are Care Quality Commission (CQC) registered domiciliary care services. They're looked after by trained, professional teams who are on site 24 hours a day, 7 days a week.

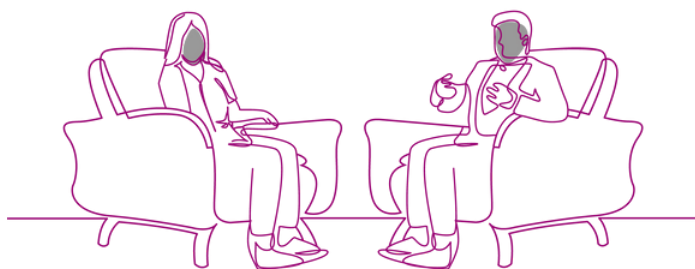

## Our Commitment

We invest in our homes and schemes so that they're great places to live and somewhere families can enjoy spending time with their loved ones.

## Additional Support

If you need additional support, we partner with care providers who are based on site in some of our schemes to ensure you get the care and support you need to live independently.

Our services cover a wide area across the Midlands. Each development provides modern apartments to rent or buy and care and support services tailored to the individual needs of each resident. You'll get all the freedom that comes with having your own home, while living within a friendly, supportive community.
